EVERYONE IS WELCOME!!!!

The Coalition for the Responsible Growth of Dover (CRGD) was formed last March by residents and property owners of the Town of Dover to promote environmentally sustainable and responsible development in the Town, particularly with regard to the redevelopment of the former Harlem Valley Psychiatric Center (HVPC).

The Coalition is committed to making sure that the redevelopment plans for the HVPC proceed in a manner consistent with the community's long-standing vision of appropriate development by working together, pooling expertise and resources, and remaining actively involved in the review of all redevelopment plans for the project.

CRGD is a project of the Open Space Institute, Inc. (OSI), a nonprofit public charity exempt from federal income taxes under Section 501(c)(3) and 509(a)(1) of the Internal Revenue Code.
